

A LEVEL OPTION CHOICES 2018-2020

FOR PUPILS ENTERING LOWER 6TH (YEAR 12) FOR ACADEMIC YEAR 2018/2019

In the 6th Form pupils normally study **three A level subjects**. Some pupils will also take a fourth subject, which could be the Extended Project Qualification (**EPQ**) after consultation with the Deputy Head (Academic).

Overseas students without a qualification equivalent to GCSE English will follow an EAL course as well as the A level programme.

Resit GCSE classes in English Language and Mathematics are provided for those pupils who followed a GCSE programme in Year 11 but did not obtain at least grade C (or 4) in either of these subjects.

Before making your selections, please read the Sixth Form Subject Information handbook. New pupils can obtain this from the Registrar, or download from the SLC website. This document also provides details of any background requirements for particular subjects (such as GCSE or equivalent).

Careful thought must be given to the choice of subjects, taking into account possible future career aims and university entry requirements as well as individual academic strengths and weaknesses.

Please select your subjects from three of these blocks, or four if appropriate.

Block A	Block B	Block C	Block D	Other
Chemistry	Business	Art and Design	Biology	EAL
English Literature	Chemistry	Biology	Design and Technology	German (for native speakers)
Mathematics	Economics	Business	French	EPQ (with a focus on any of the available A Level subjects)
Music	Latin	Drama and Theatre Studies	Further Mathematics	
Photography	Maths for Further Maths	Geography	Mathematics	
Psychology	Psychology	History	PE (A Level)	
		Physics	PE (BTEC)	
			Philosophy and Ethics	
			Spanish	
<p>* Mathematics can be taken as one subject (in Block A or Block D), or together with Further Mathematics as two subjects (in both Block B and in Block D).</p> <p>** For Physical Education please specify whether your choice is A level or BTEC.</p>
